- Provides information on applying for and preparing for the examination, followed by test-taking tips
- Five exams, each containing 200 multiple-choice questions, for a total of 1,000, similar to those in the actual examination
- Questions in the first four exams are grouped by subject area: pediatrics, physical disabilities, psychosocial dysfunctions, and administration/management
- Questions in the first four exams are also grouped according to assessment, development of treatment plan, implementation of treatment plan, evaluation, development of the discharge plan, organizing and managing services, and promoting professional practice to match the NBCOT examination content outline
- The final exam mixes the questions as they would appear in the actual exam
- Answers to all questions are provided, along with a rationale and a reference for further study
