It has been around for so many decades now. Caregiving has hundreds of success stories and gross billions of dollars in revenues for the nation. It once was an unpopular business in the early 1960's and late 1970's but made a great come back in the mid 1990's to early 2000's to meet the needs of more than 87 million Americans that belong to the baby boomer population in desperate need of this service.
